## Dementia Screening FREE

by Tammy Dickman Dementia Specialist

Date: June 6 9 am– 4 pm

June is Alzheimer's and Brain Awareness Month. The ADRC of Wash. Co. is providing an opportunity for county residents to receive Free memory screens to help raise awareness and provide an opportunity to begin a discussion about planning for the future. What is a memory screen? It is a wellness tool that helps identify possible changes in memory and cognition. Why have a screening done? It creates a baseline of where a person is at so any future changes can be monitored. Some Types of dementia are reversible with proper treatment. Dementias that are not reversible can be treated with medications that may slow the process and preserve quality of life for longer period of time. It is also important for an early diagnosis to allow for making plans for the future. To schedule your memory screen, please call Tammy at the ADRC 262.335.4497 to make your appointment.
